UPCOMING EVENTS

Check your notices in the upcoming weeks – we will be updating how the Graduation and Annual General Assembly will be provided this year given we are still in the Pandemic.

STUDENT EMPLOYMENT

As we remain in the Covid-19 Pandemic the summer employment program will be a bit different this year.

Since we have to follow Covid-19 protocols and we have to be mindful of budget, we won't be accommodating or developing positions based solely on students wants and there will be no career exploration portion this year for those students under 15.

We hope to have four positions available this year and will send out actual job postings for which interested students can apply. We hope to have these out in the coming weeks. We will also send out student youth employment opportunities provided from other organizations – both in the community mailboxes and on the website.

In the meantime until those postings come out you can prepare your resume and cover letters to be ready, should you wish to apply.

Reminder criteria for this program are as follows:

- Registered as a full time student and returning to school in September
 - 15 to 30 years old
 - Living on Reserve

Membership Notice to Clients

Due to the spread of Covid-19 and in an ongoing effort to keep our communities safe, there have been some changes to the way the Band Membership will provide services to the communities.

As a cautionary measure, membership will not be delivering services in person. If you already had an appointment booked, it will be re-scheduled when it is deemed safe to do so.

All CMM offices are closed, and employees are currently working remotely.

Membership is currently working in membership office or remotely. To contact membership, please see the following:

New! SCIS Photo App (for already registered persons) - The SCIS Photo App is a digital application created by the Government of Canada that allows applicants to take a photo with a smartphone and submit it online as part of their Secure Certificate of Indian Status (SCIS) application. Available to download for free on both Apple and Android smartphones, the SCIS Photo App eliminates the cost of photos and offers a convenient way to provide the photo required to apply for the secure status card for the first time or for a renewal or a replacement.
