

MODERATE LIVELIHOOD

Kespuwick District Communities are working through individual species on policy, procedure, and requirements to accessing moderate livelihood.

Any Bear River First Nation Band Member wishing to participate in the Moderate Livelihood Fisheries may do so by signing up via Chief and Council as there is an enrollment process.

There are many things that come into play such as:

- Safety Requirements
 - Conservation
- The collective Group of Kespuwick
 - Reporting requirements etc.

As individual species are being added we will try to provide more information/updates.
