

# Story Board for Seven Paddles

Kwe' Msit Wen:  
*[hello everyone]*

Seven Paddles is looking for older Band Member pictures you might like to share for a professional Story Board. The Story Board is a way of remembering our loved ones through pictures, along with small write-ups, and will be displayed at the Pines during the canoe build. It will be similar to the L'sitkuk Story Board that is placed near the firehall in the village.

*I do have a few pictures that were graciously shared for the Seven Paddles video last year but if there are any other photos please feel free to email*
