

The DEANERY PROJECT

POLYMER CLAY WORKSHOP

*Conservation meets the arts on **February 21st**! Join CERI at **The Deanery Project** for a day of eelgrass/coastal education with CPAWS, and how you could get involved with local citizen science initiatives with the EAC!*

Create beautiful clay art with **Yuliia Khovbosh**, a Ukrainian-born sculptor who focusses on highly realistic polymer clay. Inspired by nature, Yuliia combines her lived experience of war displacement with her love for the arts and the environment to create incredible polymer clay pieces.
